GENERAL ADMINISTRATIVE & TRAINING REQUIREMENTS

FEMA National US&R Response System
Task Force Position Descriptions
General Administrative & Training Requirements

Page Left Blank Intentionally

FEMA National US&R Response System
Task Force Position Descriptions
General Administrative & Training Requirements

The primary mission of the DHS/FEMA National US&R Response System is the coordination, development, and maintenance of the Federal effort to provide resources to locate, extricate, and provide immediate medical treatment to victims trapped in collapsed structures, as well as to conduct other life-saving operations.

The Program Manager of each Task Force is responsible for the selection, training, equipping, mobilization, and deployment of the Task Force to respond to those situations as outlined in the National Response Framework. Those selected to become members of the DHS/FEMA National US&R Response System must be cognizant of the fact that the work performed requires the member to meet all physical requirements as determined by the Sponsoring Agency, to be available to mobilize on short notice, and to be capable of functioning for long hours in a physically challenging and austere environment often under adverse and arduous conditions.

To assist the Program Manager in meeting the objectives demonstrated above, the DHS/FEMA National US&R Response System has developed Position Descriptions and General Requirements (Training and Administrative) that apply to each member. Position Task Books are under development. The Program Manager will ensure that each of these guiding documents is used to maintain the operational capability of the Task Force members.

General Administrative Requirements:

The Task Force will:

1. Maintain a current Memorandum of Agreement with DHS/FEMA, as well as Participating Agency Agreements, and/or Affiliated Personnel Agreements, as applicable
2. Maintain a file for each rostered member that includes completed:
 - a. Application for Federal Employment; Optional Form 612
 - b. Employee Data Transmittal Sheet (EDTS)
 - c. Appointment Affidavits; Standard Form 61
3. Document each member's successful completion of a quantitative respiratory protection fit test required per 29 CFR 1910.134, as defined in Program Directive 2005-008
4. Ensure each member maintains current inoculations, as defined in Program Directive 2005-008, unless medically contraindicated or documented refusal
5. Document that each member has a current Physician Clearance for Deployment document as defined in Program Directive 2005-008

FEMA National US&R Response System
Task Force Position Descriptions
General Administrative & Training Requirements

General Training Requirements:

Each member will:

1. Complete Critical Incident Stress awareness training
2. Complete IS-100 and IS-200, IS-700 and IS-800B on-line courses
3. Complete DHS/FEMA National US&R Response System Orientation course as part of the Task Force orientation
4. Complete initial training at the First Responder Operations Level for Hazardous Materials (OSHA 29 CFR, 1910.120)
 - a. Complete annual refresher training as required for First Responder Operations Level for Hazardous Materials (OSHA 29 CFR, 1910.120).
5. Be currently certified in Cardiopulmonary Resuscitation (Task force members currently licensed or certified as EMT (all levels) and licensed Board Certified Emergency Physicians inherently meet this requirement)
6. Complete respiratory protection training per OSHA 29 CFR 1910.134 (k).
 - a. Complete refresher training as required for respiratory protection training per OSHA 29 CFR 1910.134 (k)
7. Complete the DHS/FEMA National US&R Response System WMD Enhanced Operations course
8. Complete NFPA 1670 Awareness Level training for:
 - a. Confined space rescue operations
 - b. Water rescue operations
 - c. Structural collapse operations
9. Complete initial Blood-borne Pathogen training in accordance with OSHA 29 CFR 1910.1030

FEMA National US&R Response System

Task Force Position Descriptions

Canine Search Specialist

Position Specific Requirements:

The Canine Search Specialist is primarily responsible for supporting the Search function with the canine resource. He/she is also responsible for the care and welfare of the canine during mission deployment. The Canine Search Specialist reports to the Search Team Manager.

Description of Duties:

The Canine Search Specialist is responsible for:

- Searching disaster environments and locations indicated in the mission assignment, using appropriate canine search equipment and techniques
- Documenting results of the canine search, including locations of alerts, and routing them appropriately
- Understanding and accurately interpreting canine's behavior, including knowledge of the capabilities and limitations of search canines
- Care and welfare of their canine, including assisting the Medical Team in the canine's medical care
- Performing additional tasks or duties as assigned

FEMA National US&R Response System

Task Force Position Descriptions

Canine Search Specialist

Position Requirements and Criteria:

Individuals who meet the following requirements and criteria will be eligible to become Canine Search Specialists in the DHS/FEMA National US&R Response System. The intent of these requirements are to provide canine teams capable of using the search techniques and tactics required to support the Search function with the canine resource in various disaster environments.

Required Training:

The Canine Search Specialist shall:

1. Meet all Administrative and General Training requirements
2. Have current certification as a DHS/FEMA National US&R Response System Canine Search Specialist Team
3. Complete the DHS/FEMA National US&R Response System Canine Search Specialist course.
4. Complete the DHS/FEMA National US&R Response System GPS Awareness Level course
5. Complete the required Technical Rescue Skill Sets as defined in Appendix A

Recommended Training:

The Canine Search Specialist should:

1. Complete the DHS/FEMA National US&R Response System Technical Search Specialist course
2. Complete DHS/FEMA National US&R Response System GPS Operations Level course
3. Complete a canine emergency field care course

FEMA National US&R Response System

Task Force Position Descriptions

Canine Search Specialist

Appendix A

Technical Rescue Skill Sets:

Minimum skill set recommendations for Task Force Personnel who enter the hazard zone, i.e. forward deployment:

- General Requirements of NFPA 1670
- Rope Rescue awareness per NFPA 1670*
- Trench Rescue awareness per NFPA 1670
- Duties of the Entrant per 29 CFR 1910.146

* Additional Required Rope Rescue skills;

- Safety considerations during rope rescue operations
- Characteristics of life safety rope and webbing
- Application of rope rescue hardware specific to a lowering operation
- Application of rope rescue hardware and software specific to a belay line
- Assemble and apply a Class III harness
- Assemble and apply a "Hasty Harness"
- Tie a Simple Figure Eight knot
- Tie a Figure Eight follow-through knot
- Tie an overhand follow-through with webbing
- Attach a prusik loop to a rope
- Be familiar with anchor systems
- Be familiar with raising and lowering systems
- Proficiency at attaching oneself to, and participating in a raising or lowering system
- Proficiency at descending and ascending a fixed line, low angle

FEMA National US&R Response System

Task Force Position Descriptions

Communications Specialist

Position Specific Requirements:

The Taskforce Communications Specialist is responsible for managing, and maintaining, all communications and communications systems for their Task Force. The Communications Specialist reports directly to the Logistics Team Manager.

Description of Duties:

The Communications Specialist is responsible for:

- Keeping the Task Force Leader and Logistics Manager informed of the capabilities and/or limitations of incident communications
- Assessing overall communications needs, obtaining frequencies, and developing the Task Force Incident Communications Plan
- The installation, operation, and maintenance of the task force communications systems, including: radio, satellite, telephone, internet, GPS's and networks during incidents
- Coordinating communications with other entities, task forces, and the Incident Support Team (IST) Communication Unit Leader
- Adhering to all safety procedures
- Accountability, preventive maintenance, and minor repairs of communications equipment
- Maintaining appropriate records and reports
- Maintaining the communications cache in an operational state at all times
- Developing requests for replacement, or repair, for consumable, inoperative, lost, damaged, or destroyed communications items
- Develop a Task Force Communications Plan (ICS 205) as part of Tactical Action Plan
- Operate as an IST Communications Center Dispatcher

**FEMA National US&R Response System
Task Force Position Descriptions
Communications Specialist**

Position Requirements and Criteria:

Individuals who meet the following requirements and criteria will be eligible to become Communications Specialists in the National US&R Response System. The intent of these requirements is to select personnel capable of managing the communications needs of the task force in the disaster environment.

Required Training:

The Communication Specialist shall:

1. Meet all Administrative and General Training requirements
2. Complete FEMA National US&R Response System GPS Awareness Level Course
3. Complete FEMA National US&R Response System Communications Specialist Course

Recommended Training:

The Communications Specialist should:

1. Complete Communications Technician (S-258 USWG) and/or All-hazard Comm Tech (DHS-xxx-RESP)
*Currently required for IST Communications Unit Leader Position
2. Complete Communications Unit Leader (S-358 USWG) and/or All-hazard Comm U/L (DHS-114-RESP)
*Currently required for IST Communications Unit Leader Position
3. Advanced Communications Specialist Qualification (ACOM US&R)
*This is a MERS qualification process
4. Complete 2005 or later version of the FEMA National US&R Response System Communications Specialist Course including the Non-disclosure of Sensitive Information training

FEMA US&R Response System
Task Force Position Description
Hazardous Materials Specialist

Position Specific Requirements:

The Hazardous Materials Specialist is responsible for performing the various hazardous materials functions for the task force during incident operations. The Hazardous Materials Specialist reports directly to the Hazardous Materials Team Manager.

Description of Duties:

The Hazardous Materials Specialist is responsible for:

- Providing an initial and ongoing survey (detection, monitoring and sampling) for, and identification of, the presence of hazardous materials at search and rescue sites
- Proficiency with the set up and use of the decontamination system in the US&R cache
- Directing decontamination procedures for any task force member victim, canine, or equipment
- Performing minor mitigation operations within the scope of the Hazmat Concept of Operations (CONOPS)
- Assisting Team Managers in providing information to personnel regarding chemical data and Personal Protective Equipment (PPE) compatibility and capability for tactical operations
- Document all related information regarding the incident
- Adhering to all safety procedures
- Properly utilizing the detection monitors and devices in the US&R cache
- Proficiency in donning and doffing all personnel protective equipment in the US&R cache
- Proficiency in building triage and US&R marking systems
- Working with Logistics Team personnel to establish and maintain a regular maintenance schedule for hazmat cache items as required, including calibration, battery charging, function tests and field repair
- Performing regular assessments of the base of operations for hazardous conditions, such as carbon monoxide from generators, or any other contaminants
- Establishing and maintaining a liaison with hazmat personnel from the Incident Support Team (IST) and other task forces

FEMA US&R Response System
Task Force Position Description
Hazardous Materials Specialist

- Performing additional tasks or duties as assigned during a mission

Position Requirements and Criteria:

Individuals who meet the following requirements and criteria will be eligible to become Hazardous Materials Specialists in the FEMA US&R Response System. The intent of these requirements is to select personnel fully capable of providing competent hazardous materials assessments and advice to Task Force personnel in the urban disaster environment.

Required Training:

The Hazardous Material Specialist shall:

1. Meet all Administrative and General Training requirements
2. Meet and maintain the requirements as a certified Hazardous Materials Technician as per OSHA Standard 29 CFR 1910.120 Hazardous Waste Operations and Emergency Response
3. Meet and maintain the AHJ competencies in accordance with National Fire Protection Association standard 472 Standard for Professional Competence of Responders to Hazardous Materials Incidents to the level of Hazardous Materials Technician
4. Complete the DHS/FEMA National US&R Response System WMD Considerations for Hazardous Materials Specialist course
5. Complete all Technical Rescue Skill Set as defined in Appendix A

Recommended Training:

The Hazardous Materials Specialist should:

1. Complete the Weapons of Mass Destruction Radiological/Nuclear for Hazardous Materials Technician (Course PER-241), U.S. Department of Energy National Security Administration Nevada Test Site.
2. Complete the WMD Hazardous Materials Technician Training (HT) (Course PER-261), Centers for Domestic Preparedness, Anniston Alabama.
3. Complete Task Force water purification system training
4. Complete Hazmat CONOP training

Medical Team Manager

Position Requirements and Criteria:

Individuals who meet the following requirements and criteria will be eligible to become Medical Team Managers in the FEMA US&R Response System. The intent of these requirements is to select functional managers capable of effectively managing, coordinating, and supervising the medical component in the urban disaster environment.

Required Training:

The Medical Team Manager shall;

1. Meet all Administrative and General Training requirements
2. Must be a licensed physician who is emergency medicine residency-trained and/or Board-certified in emergency medicine and actively practicing clinical emergency medicine and having experience with pre-hospital medical care

OR

Must be currently licensed Physician with current ACLS, ATLS and PALS certification (or equivalent) whose medical activities include clinical medicine and or pre-hospital care

3. Complete the DHS/FEMA National US&R Response System Medical Team Training course

Recommended Training:

1. Complete ICS-300 in accordance with the National Standard Curriculum Training Development Guidance
2. Complete the DHS/FEMA National US&R Response System WMD Considerations for The Medical Team course
3. Completion of Canine Emergency Medicine Course
4. Complete Technical Rescue skill sets as identified in Appendix A

FEMA National US&R Response System

Task Force Position Description

Medical Team Manager

Appendix A

Technical Rescue Skill Sets:

Minimum skill set recommendations for Task Force Personnel who enter the hazard zone, i.e. forward deployment:

- General Requirements of NFPA 1670
- Rope Rescue awareness per NFPA 1670*
- Trench Rescue awareness per NFPA 1670
- Duties of the Entrant per 29 CFR 1910.146

* Additional Required Rope Rescue skills;

- Safety considerations during rope rescue operations
- Characteristics of life safety rope and webbing
- Application of rope rescue hardware specific to a lowering operation
- Application of rope rescue hardware and software specific to a belay line
- Assemble and apply a Class III harness
- Assemble and apply a "Hasty Harness"
- Tie a Simple Figure eight knot
- Tie a Figure Eight follow-through knot
- Tie an overhand follow-through with webbing
- Attach a prusik loop to a rope
- Be familiar with anchor systems
- Be familiar with raising and lowering systems
- Proficiency at attaching yourself to, and participating in a raising or lowering system
- Proficiency at descending and ascending a fixed line, low angle

Task Force Position Description
Planning Team Manager

Position Specific Requirements:

The Task Force Planning Team Manager is responsible for planning aspects of the Task Force during incident operations. The Planning Team Manager supervises the Structures Specialist and Technical Information Specialist. The Planning Team Manager reports directly to the Task Force Leader

Description of Duties:

The Planning Team Manager is responsible for:

- Developing and implementing the planning components of the Task Force Tactical Action Plan
- Coordinating, managing, and supervising all planning component activities
- Determining the planning component organizational and logistics needs
- Receiving briefings and situation reports and ensures that all planning personnel are kept informed of status changes
- Providing situation reports and maintaining records and reports
- Preparing performance evaluations for assigned personnel
- Providing accountability, maintenance, and minor repairs for all Planning Team equipment
- Performing additional tasks or duties as assigned

Position Requirements and Criteria:

Individuals who meet the following requirements and criteria will be eligible to become Task Force Planning Team Managers in the DHS/FEMA National US&R Response System. The intent of these requirements is to select functional managers capable of effectively managing and supervising the planning component in the urban disaster environment.

Required Training:

The Planning Team Manager shall:

1. Meet all Administrative and General Training requirements
2. Complete ICS-300 in accordance with the National Standard Curriculum Training Development Guidance
3. Complete FEMA National US&R Response System Planning Team Training Course

Task Force Position Description
Task Force Leader

Page Left Blank Intentionally

FEMA National US&R Response System

Task Force Position Description

Task Force Leader

Position Specific Requirements

The Task Force Leader is responsible for managing all aspects of a mission including operational and administrative issues from the time of activation through the return to the home jurisdiction. This includes all personnel and equipment resources as well as overseeing and directly supervising the task force management. The TFL is responsible for the development and completion of all task force tactical objectives as well as the proper reporting, record keeping, and after-action requirements. The TFL reports directly to the DHS/FEMA NRCC during the mobilization and demobilization phases of the mission and the IST at a mission location.

Description of Duties:

The Task Force Leader is responsible for:

- Developing and implementing the Task Force Tactical Action Plan
- Addressing the coordination, management, and supervision of all TF activities
- Supervising the following positions:
 - Search Team Manager
 - Rescue Team Manager
 - Medical Team Manager
 - Logistics Team Manager
 - Planning Team Manager
 - Hazardous Materials Team Manager
 - Safety Officer
- Ensuring the development of all TF organizational and logistical needs
- Interacting with the IST Leader and/or his/her designee for coordination of all TF activities and support requirements
- Receiving briefings and ensuring that all TF personnel are kept informed of mission objectives and status changes
- Providing regular situation reports to the IST
- Providing regular reports to the Sponsoring Agency Chief
- Performing additional tasks and duties, as assigned during a mission
- Ensuring the completion of all the required reports and maintenance of records
- Ensuring incident stress management activities are planned and conducted

FEMA National US&R Response System

Task Force Position Description

Task Force Leader

- Ensuring resource acquisitions are properly processed
- Preparing performance evaluations for assigned personnel
